

# WALTHER'S PEPTONIZED PORT

## and Physical Culture

Walther's Peptonized Port is a great auxiliary to any system of physical culture. The man who does not take physical culture or systematic exercise needs it even more, because Walther's Peptonized Port largely takes the place of exercise in inducing a healthy, vigorous condition of the system, keeping the digestion in good working order and regulating the stomach and bowels. It assists the digestive organs, thereby enabling the user to get the greatest amount of strength from his food. It makes new, red blood, and invigorates the entire system.

Walther's Peptonized Port is sold by all druggists in two sizes, 50 cents and \$1.00.

### A Cure For Earache.

An old-fashioned remedy for earache is well worth remembering when one has the care of little children, as a few drops of the juice of a roasted onion will instantly relieve the pain, according to good authority, as the sufferer invariably falls into a refreshing sleep and awakes free from pain. Wrap the onion in heavy wet paper and roast it as quickly as possible, covering it with coals if this method is practical. In a very short time it will be tender, and the juice may be squeezed out into a spoon and while warm dropped into the ear.

### Women and Jewels.

Jewels, candy, flowers, man—that is the order of woman's preferences. Jewels form a magnetic mighty power to the average woman. Even that greatest of all jewels, health, is often ruined in the strenuous effort to save the money to purchase them. If a woman will risk her health to get a coveted gem, then let her fortify herself against the insidious consequences of coughs, colds and bronchial affections by regular use of Dr. Bosch's German Syrup. It will promptly arrest consumption in its early stages and heal the affected lungs and bronchial tubes and drive the dread disease from the system. It is not a cure all but it is a certain cure for coughs, colds and all bronchial troubles. You can get Dr. Green's reliable remedies at D. A. Hendershot's. Get Green's Special Almanac.

### Alcoholic Drinks.

It is well known that alcoholic drinks are much more injurious in tropical regions than in the north. In a lecture at Bremen Dr. J. Bergmann explained this as being due to the fact that alcohol paralyzes the pores of the skin and checks perspiration.

### Sure Thing.

It is said that nothing is sure except death and taxes, but that is not altogether true. Dr. King's New Discovery for Consumption is a sure cure for all lung and throat troubles. Thousands can testify to that. Mrs. C. B. VanMetre of Shepherdstown, W. Va., says "I had a severe case of Bronchitis and for a year tried everything I heard of, but got no relief. One bottle of Dr. King's New Discovery then cured me absolutely." It's infallible for Croup, Whooping Cough, Grip, Pneumonia and Consumption. Try it. It's guaranteed by D. A. Hendershot, Druggist. Trial bottles free; regular sizes 50c, \$1.00.

### A Tiger Story.

There is a story current at Kuloang, central China, about a tiger which gave trouble in that quarter. A missionary and his wife had been worried by the tiger prowling nightly around their home. They determined to be rid of it and one night tied a cow up in the back yard and a dog at the front of the house. Then they armed themselves with guns and kept watch. The tiger appeared. The missionary fired and killed the cow. The wife rushed to see what had happened, and in her absence the tiger ate the dog.

### The First Good Friday.

Researches conducted by Professor Hans Achelis of Konigsberg on the basis of a series of most exact calculations made by the Royal Astronomical Institute in Berlin have established with what seems to be a high degree of historical accuracy the fact that the date of the crucifixion was April 6, in the year 30.

### Oysters.

To open an oyster the force required appears to be 1.3191 times the weight of the shell-less creature.

### His Good Hearted Guess.

"Jimsley thinks his wife is an angel."  
"That so? Why, I didn't know Jimsley was married."  
"He is a widower."—Kansas City Journal.

You are busy fooling others; others are busy fooling you. It's all a waste of time. A straightforward course would be better for everybody.—Atchison Globe.

## A GAS EXPLOSION

Burns Rig and Injures Several Persons

One of Them, a Boy, Will Probably Die.

The Marietta Times gives the following details of a gas explosion which occurred several days ago at Ward, some miles back of Marietta:

At the well of R. L. Wible on the Delilah Scott farm the driller struck the pay in the salt sand and drilled into a streak of gas at about twenty five feet in the sand.

"The volume of gas, carrying with it a small quantity of oil, shot from the hole and became ignited from the fire in the forge. The explosion which followed was so sudden and unexpected that those in the derrick had little or no time to save themselves.

"The driller and tool dresser escaped with a few slight burns and immediately lent their efforts to save the others whom they dragged from the burning derrick.

"There were a number of farmers in the derrick at the time watching the workmen, these were caught and burned. They were:

"J. W. Skinner, burned about head and hands.

"Owen Tice, clothes burned from him and body badly burned.

"Even Scott, burned about head and hands.

"Henry Scott, his son, eight years old, was the most unfortunate of the lot. He was badly burned about the body and it is thought that he inhaled the flames."

### No Loss of Time.

I have sold Chamberlain's Colic, Cholera and Diarrhoea Remedy for years, and would rather be out of coffee and sugar than it. I sold five bottles of it yesterday to threshers who could go no further and they are at work again this morning.—R. H. Phelps, Plymouth, Oklahoma. As will be seen by the above the threshers were able to keep on with their work without losing a single days time. You should keep a bottle of this remedy in your home. For sale by C. W. Grier.

### The Strain of Rowing.

A medical paper discusses the "health of the oarsmen" and comes to no very definite conclusion as to the effect of training and racing on the after life of the varsity oar. Some years ago the late Professor Morgan, in his little work, "University Oars," gave the results of an investigation regarding 255 who were then living out of 294 who had taken part in the boat races. And his returns seemed to show that oarsmen were rather benefited than injured by the discipline and struggle. It must be remembered that the preliminary sifting of the torpids, the eights and the trials weeds out the weaklings at Oxford who could not stand the strain. And every rowing man knows that the trained man who tumbles back in the boat after a hard fought race is as fit as ever within a minute.—London Chronicle.

### Brain-Food Nonsense.

Another ridiculous food fad has been branded by the most competent authorities. They have dispelled the silly notion that one kind of food is needed for brain, another for muscle, and still another for bones. A correct diet will not only nourish a particular part of the body, but will sustain every other part. Yet, however good your food may be, its nutriment is destroyed by indigestion or dyspepsia. You must prepare for their appearance or prevent their coming by taking regular doses of Green's August Flower, the favorite medicine of the healthy millions. A few doses aids digestion, stimulates the liver to healthy action, purifies the blood and makes you feel buoyant and vigorous. You can get Dr. Green's reliable remedies at D. A. Hendershot's.

### Plenty of Taste.

"Well," said Nuritch, who had been showing Kandor through his new house, "what do you think of the furnishing?"

"They—er—show a great deal of taste," replied Kandor.

"Think so?"

"Yes; but it's all very bad."

### No Cause For Complaint.

"So you resent these hints of dishonesty in the government?"

"Most emphatic," answered Farmer Cornstossel. "I've been buyin' postage stamps from the government for years and never got cheated yet."—Washington Star.

### PALE, SICKLY CHILDREN.

Grow strong and well after using THOMPSON'S SWEET WORM POWDER. Very pleasant to take. Contains no calomel. Never fails. Worms are often mistaken for indigestion and other diseases. Be sure to get Thompson's in glass bottles. Druggists, 25 cents.

## MISS MONIE BOWEY,

No. 38 Perry Street,

DETROIT, MICHIGAN.

A couple of winters ago I slipped on a frozen sidewalk and fell flat on my back. On being examined I found that I had sustained internal injuries which laid me up for more than two months. After that I noticed that I had pains in the back and groin which I never had before. I doctored and doctored for several months but as the pains increased instead of growing better I decided that I was not having the right treatment. Reading in the papers of the wonderful cures performed by Wine of Cardui I wrote to one of the parties and received a very satisfactory reply and I immediately sent for some. In a very short time I felt generally better and after seven weeks faithful use I was once more well and strong. I have never had a sick hour since and I daily bless your splendid medicine.

Miss Monie Bowey.

Wine of Cardui makes women more womanly by curing their weakness and making them stronger. Wine of Cardui cured Miss Bowey. If your daughter, mother, sister or friend is sick and in need of relief, your duty is equally great to them. Many women, now well, owe their lives to friends who brought them Wine of Cardui.

Wine of Cardui is adapted to women at any age in any walk of life. For the working woman it gives her strength for her tasks and better treatment than a doctor for very small cost.
